

HOLY LAND ART PORTFOLIOS.

Earthly Footsteps OF THE Man of Galilee

Most carefully and plausibly traced with note-book and camera, from

Bethlehem to Galvary And the Mount of Olives,

Being a geographical and historical account in narrative and picture of the places where Christ and the Apostles lived, toiled and triumphed, showing where Jesus was born, reared, baptized, tempted, transfigured and crucified, reviewing in chronological order the incidents of his life, his teachings, his sermons, his miracles and his religious achievements, which brought to humanity the dawn of a new day.

A Superb Religio-Educational, FINE ART PUBLICATION

Which is the latest production of Rev. John W. Vincent, D. D., Bishop of the Diocese of New York, Rev. James W. Lee, D. D., and E. M. Bain, the Celebrated Landscape and Scene Photographer. This wholly unique and thoroughly "Up-to-Date" publication comprises the results of months of travel and observation, involving Three Separate Tours of the Holy Land.

Two by Bishop Vincent, and one lately completed by Dr. Lee, upon which he was accompanied at every stage of the journey by Mr. BAIN, with the finest photographic outfit procurable in America, these gentlemen being under special commission to present pictorially and descriptively the LAND OF THE SAVIOR. His very footsteps have therefore been followed with note-book and camera, and the journeyings of His Apostles have also been traced, as shown on the "ROUTE MAP" which is in all portfolios. This work is the final expression of a beautiful enterprise, and is an incomparable Historical and Religious Fine Art offering. An opportunity is thus given to make a delightful tour through Palestine without leaving home. This magnificent collection of over three hundred and eighty-four photographs--the finest that ever came from the East--is secured this year and published at an expense of fifty thousand dollars--should be in every home.

The firm whose name is appended will make it possible for every family to obtain these Fine Art portfolios on easy terms.

In 1887 he was elected sheriff of the county, and fulfilled his duties acceptably, though the disease which finally carried him off was then fast creeping upon him. The evangelistic meetings at the Methodist Episcopal church under the direction of Mrs. Davis start out with an earnest of success and a large gathering of souls is confidently looked for. The church is crowded at each meeting, and three seekers were at the altar at the very first service.

The prisoners at the jail profess to have seen a ghost, which is dressed in white, trips noiselessly up the iron steps, trips noiselessly up the iron steps, trips noiselessly up the iron steps, and pulls the bed clothing about. FOREST CITY.

In Friday's issue of The Tribune the secretary of the Forest City poor board takes issue with the statement recently made by The Tribune correspondent concerning the tardiness of the poor directors in giving relief to George Carpenter. None the facts as stated by your correspondent are essentially true. Relief was asked a number of times before it was granted and the man Carpenter was sick five weeks, and a physician during that time had only visited him once. As to the correspondent looking a little more to his own affairs" we assure Mr. Gray that the actions of any public official ought to be scrutinized and that we did not exceed the bounds of propriety in criticizing the action of the board. If he is not willing to bear the criticism that must be expected by men who hold offices of public trust, he ought to resign. As we said in Friday's correspondence, adequate relief has been given, but at the time we wrote it was much needed and had not been given.

Spring Medicine

Is a necessity because the tonic of winter is gone and milder weather, increased moisture, accumulated impurities in the blood and debilitated condition of the body, open the way for that tired feeling, nervous troubles, and other ills. The skin, mucous membrane and the various organs strive in vain to relieve the impure current of life. They all welcome

Hood's Sarsaparilla

to assist Nature at this time when she most needs help, to purify the blood, tone up the system, strengthen the laboring organs and build up the nerves.

"I was in a run down condition. I was weak and nervous and could not eat anything. I began taking Hood's Sarsaparilla and before I had finished the first bottle I could see a change for the better. I kept on taking it and I am now so that I can eat heartily and can do my work." Mrs. JOHN W. PEACHTER, Alloway, N. J.

A meeting of the East Stroudsburg Social club was held on Thursday evening at the residence of John VanClerken, to which a large number of the members attended. The meeting was called for the transaction of business and the first thing taken up was what the club should be called. After a lively discussion on the part of the members it was decided to call it the Clover Leaf club, the colors being pink and blue green, and the motto, "Onward." The next business meeting will be held on Thursday evening at the residence of Miss Allie Chambers.

L. Pack, who has a studio on Third street, managed to get a check cashed for \$125, under the representation that he had an account to his credit in the First National bank of Stroudsburg. The officials at the bank say he has no account in that institution.
